Fluoropolymer for paints "ZEFFLE"

confidential

Commercial available

Product Lineup

GK series *High Reliability* Solvent based 2-component system

SE series *Environmentally Friendly* Water based emulsion system

LC series *Easy to Apply* Solvent based 1-component system

- Anti - Corrosion -

- Anti - Satins (Car Bumper)-

Application example- Super Durability paint -

Tokyo ROPPONGI

confidential

Commercial available

ZEFFLE GH application example

6 Anti-Fouling nano Coating "OPTOOL DSX

OPTOOL DSX for Inorganic material (Glass, AR coating etc.)

DAIKIN

Performance of OPTOOL DSX

* Excellent oil and water repellent, ant-fouling

*Prevents scratches caused by wiping with tissue paper

*Prevents fingerprints, easy to wipe away.
